Dated 26-4-44.

[Despatch Abstract.]

Industries — Govt. Arts College

Silk Filatures Kollegal

No.1330 D/44. Office of the Director of Industries and Commerce, Madras, dated 31-3-44.

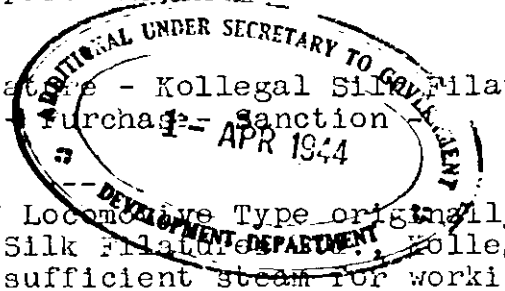
From

A.Khaleeli Esq., I.C.S.,
Director of Industries and Commerce,

To

The Secretary to Government,
Development Department, Madras.

Sir,



Sub: Industries - Filature - Kollegal Silk Filature- Vertical Boiler - Purchase - Sanction Requesting.

As the two boilers of Locomotive Type originally installed at the Kollegal Silk Filature, Kollegal were not able to generate sufficient steam for working the full compliment of 150 basins at the Filature, a Portable Boiler with steam engine of Brittania type was obtained from the P.W.Workshops on loan. There are thus now three boilers working at the Filature. I propose replacing the Brittania boiler with a vertical boiler also lent by the Public Works Department and at present installed at the Government Silk Filature. The Brittania boiler which has a steam engine will, on release from this Filature, be available for use at Gazulapalle one of the paper centres where electric energy is not available.

The price of the Vertical Boiler is reported by the General Superintendent, P.W.Workshops, to be Rs.2000/- exclusive of nailing charge of 0-1-9 per rupee and centage of 10% on the aggregate or a total of Rs.2440-10-0. I request that sanction may be accorded for the purchase of the vertical boiler from the Public Works Workshops and its instilation at the Kollegal Silk Filature, the payment of the cost being made by book adjustment.

The expenditure is debitable to "85 a. Capital Outlay on Provincial schemes connected with War 1939 G.Kollegal Silk Filature - 6 - Buildings, plant and

machinery and other equipment"
